## Secretary की कलम से

Our world is changing rapidly due to technological advances, migration and residential patterns and global economic, environmental, political and social conditions. We understand education as an ongoing interactive process and our teachers / educators intend to work so as to respond effectively to the inimitable needs and experiences of students and guardians. Our motivation is to serve students and the entire society, through students the entire society get benefited, we welcome the ideas and contributions of all those who share in our mission and we look forward to working together to achieve it.

**Mr. Arvind Kumar**

## Director की कलम से

Dear students do not give up your dreams because as you keep on trying, you are becoming closer and closer to it, when others think it is impossible, it never impossible for you as you keep on working for it with perseverance. We desire to develop you all as global citizens, with tolerance, respect

appreciation of diverse cultures for a life-learning experience; we encourage you all to be self-motivated, independent and confident decision makers to take up leadership roles in future. We are continually trying to provide positive urge to each and every student to extend his intrinsic learning competencies; each time you begin acting in support to this mission, no matter where you are in the world, unquestionably you shall accomplish your dreams

**Dr. N. K. Singh**

### UDBHAV-2016: Orientation Program

### Quote of the Issue

Don't read success stories, you will only get a message. Read failure stories, you will get some ideas to get success.

Dr. A P J Abdul Kalam
