RVIT NEWS Letter

Highlights

- Expert Talk on “Photovoltaic Technology and its Applications” by Dr. R.S. Anand.
- Seminar on “महिला सशक्तीकरण में तकनीकी शिक्षा का महत्व - भूमिका और योगदान” organized by Dr. APJ Abdul Kalam Women Cell, RVIT.
- Pool Campus Drive by Myraid Technologies Pvt. Limited, Noida at RVIT.
- Volleyball Match organized by Sports Club, RVIT.
- Faculty Development program on “Human Values and Professional Ethics” organized by Dr. A. P. J. Abdul Kalam Technical University and RV Institute of Technology.
- “अभिव्यक्ति-2016”, Interschool Competitions organized at RVIT
- Expert talk on “Digital Payments” by Mr. Nand Kishore, DIO, Bijnor.

Managing Director की कलम से

Our objective has always been to provide a quality education to our students, not only to provide skills to earn living but to inculcate values. When talking about skills, it is not for job only, engineering skills in true sense is to be an entrepreneur and to utilize this to provide opportunities to others. To be a good engineer, every student has to learn new things and to face new challenges every day; engineering is not only by teaching, it is more of learning skills by ourselves . We focus on values education so that one may contribute to family and society in right direction. It is always unacceptable to start analyzing the people and situations straight away without working on understanding, this way one may loses focus on learning and understanding, being student you need to focus more on understanding and learning in order to lead a successful life ahead.

Director की कलम से

Welcome you all to the start of new semester and wish you all a very happy New Year 2017.

At RVIT, we have been striving hard to comprehend the broad significance of education while designing our approach of tutoring. We are trying to mentor our students to sharpen their intelligence and enable them to accomplish their aspirations concurrently; we inculcate values that shapes their attitude, outlook and conduct that provides a strong foundation for them to tackle the challenges of life.

We procure the support of strong team of faculty members who unconditionally place all their efforts to stimulate our students and steer them to progress at every step in conducive learning environment at our tranquil campus, we are trying to nurture champions of technology, who, with intellectual brilliance and ethical excellence, shall emerge out as leaders with a difference.

Expert Talk on Photovoltaic Technology by Dr. R. S. Anand

An expert talk on “Photovoltaic Technology and its Applications” delivered by Dr. R. S. Anand, has been organized by department of ECE, on November 07, 2016. Dr. R. S. Anand is a Principal Research Engineer (Retd.) department of Electrical Engineering, IIT Kanpur and is the principal investigator of IIT Kanpur part of DST sponsored Indo-UK “Stability and Performance of Photovoltaic (STAPP)” project. During the talk, he emphasized on the utilization of solar energy to increase the electricity generation along with the various applications of solar technology and discussed the emerging areas of research of photovoltaic technology and available career prospects with engineering students.

Seminar on “महिला सशक्तीकरण में तकनीकी शिक्षा का महत्व- भूमिका और योगदान”

Dr. APJ Abdul Kalam women cell R V institute of Technology, has organized a seminar on “महिला सशक्तीकरण में तकनीकी शिक्षा का महत्व - भूमिका और योगदान” on November 26, 2016. During the inaugural session of seminar, Ms. Amita Verma Dy. Commissioner Industries, Bijnor, Dr. Abhay Verma, Director, Rajkiya Engineering College, Bijnor, Dr. Meena Bakshi, Principal, Vardhman College, Bijnor, Dr. Rajul Tyagi, Principal, GGIC, Bijnor, Dr. Usha Tyagi, Principal, City Degree College, Bijnor, Ms. Megha Lekhwani, MD, Xtrude Private Limited, Haridwar and other invited guest and speakers to this seminar were present along with Director Dr. N. K. Singh. The main objective of this seminar is to bring together the social thinkers, intellectuals and the leaders of academia to share the outlook on the women empowerment and to provide a platform to explore the available opportunities of women empowerment through technical education and the vital initiative to be taken for this.
